CLEAR LAND of BRUSH and TREES... *Roots and All!***

SHOX-STOK GRUBBING TONGS

**Guaranteed
NOT TO BEND
OR BREAK!**

\$13⁹⁵

Model No. 63-C
For trees 1½" to 6"
in dia.
Weight—14 lbs.
Construction—Single
Drop Forging

- Clear brush and trees up to 10" diameter from windrows, stream banks, fences, drainage ditches, pastures and timber
 - Eliminate costly bulldozing that leaves roots in ground
 - Remove growth cleanly—ROOTS AND ALL!
 - Handles the power of all farm tractors—trees can be pulled from any direction without danger of side-bending TONGS
- NOTE: For trees 6" to 10" in dia., the use of a crawler-type tractor is recommended

- TONGS cannot slip—the harder you pull the tighter they grip
- No maintenance—nothing to go wrong or wear out
- Complete with high strength aluminized aircraft cable hook up

**Special
"SWING-ASIDE"
BRUSH PLATE**

Prevents slipping of
small brush and saplings
—adjusts to varying
diameters—"swing
aside" when not needed

Model No. 92-C
For trees 1½" to 10"
in dia.
Weight—18 lbs.
Construction—High
Strength Alloy Steel
